

GreenPeak Vacancy

GreenPeak is a leading fabless semiconductor company offering innovative ultra-low power wireless data communication controller chips for consumer electronics and wireless sense and control applications for remote controls, home automation and security. GreenPeak's award-winning, innovative technology is based on the IEEE 802.15.4/ZigBee wireless networking standard.

GreenPeak shapes the consumer electronics of the future!

GreenPeak is successfully increasing the number of customers using its wireless IC products.

→ To further strengthen our Applications Team, we currently have a vacancy for a

Software Application Engineer

General

GreenPeak's Applications Team guides and assists customers to implement the GreenPeak silicon into their applications.

The Applications Team works with corporate OEMs to develop new customer products from prototyping towards mass production.

Job description

- ▶ As a team, you develop reference designs, evaluation kits and demos
- ▶ You provide integration and development support to customers on our products and in particular on the embedded software, test applications and software development tools
- ▶ You work closely together with customers for in depth analysis of product and or application implementation requirements, reproduce and resolve issues and provide closed loop corrective actions with engineering
- ▶ As Software Application Engineer your in-depth expertise will be involved to support customers in a professional, effective and timely manner, from project start to finish

Your profile

- ▶ Master degree in Electronic Engineering (Ir/Ing or equal by experience)
- ▶ Software engineer with a strong appreciation of hardware development methods and with experience of co-debugging software and hardware issues
- ▶ Experience in embedded software (C) and/or wireless communication systems is an asset

- ▶ Result-driven, with a strong technical intuition and a commercial flavor
- ▶ Excellent knowledge of English, strong communicator, both in writing and speaking
- ▶ "Customer-first" mentality
- ▶ Willing to (occasionally) travel worldwide
- ▶ Self-starter and true team player
- ▶ Problem solver, exhibits a natural tendency to anticipate on customer needs

Our offering

- ▶ Innovative no-nonsense company and great team of enthusiastic co-workers
- ▶ Challenging job in growing high-tech company: you really make the difference
- ▶ Dynamic working environment: new ideas are born and implemented as fast as you can manage
- ▶ A highly visible internationally oriented position
- ▶ A competitive salary package, in line with your expertise, including a company car

At GreenPeak, people make the real difference!

If you would like to join our team and if you are convinced you will be a real asset to GreenPeak, we would be delighted to receive your CV.

GreenPeak Technologies
