

# GreenPeak Vacancy

GreenPeak is a leading fabless semiconductor company offering innovative ultra-low power wireless data communication controller chips for consumer electronics and wireless sense and control applications for remote controls, home automation and security. GreenPeak's award-winning, innovative technology is based on the IEEE 802.15.4/ZigBee wireless networking standard.

GreenPeak's customers are corporate consumer electronics companies and world's largest cable operators.

GreenPeak shapes the consumer electronics of the future!

GreenPeak is successfully increasing the number of customers using its wireless IC products.

→ To further strengthen our team, we currently have a vacancy for a

## Senior Characterization Engineer

### Your profile

- ▶ We are looking for a new team member who can define and implement (semi) automated tests for integrated wireless transceivers
- ▶ You hold a master degree in electrical engineering or physics and have a strong understanding of statistics, circuit analysis, RF measurements, RF board design and test fundamentals
- ▶ You have experience with the evaluation/characterization of mixed signal ICs in a lab environment and with the development of test software in labview
- ▶ You can work independently; have good organizational skills as well as a strong drive to deliver the highest product quality to the customer
- ▶ You understand the function and operation of network analyzers, R.F. signal generators, power meters and digital oscilloscope

If you have at least 7 years of experience with the technical challenges involved with the characterization of Mixed Signal ICs, we are interested in talking to you.

### Our offering

- ▶ Early-adopter job in growing high-tech company: you really make the difference
- ▶ Dynamic working environment: new ideas are born and implemented as fast as you can manage
- ▶ An internationally oriented position including frequent contact with subcontractors and suppliers

At GreenPeak, people make the real difference!

If you like to join our young and dynamic team and if you are convinced you will be a real asset to GreenPeak, we would be delighted to receive your CV.
